Howdy Texas FFA,

Welcome to the 93rd Texas FFA State Convention, the first one to be held virtually and from the comfort of your own homes! Throughout this past year, I discovered that every day an average person makes about 35000 decisions within the 86,400 seconds we have in a day. Now, from all those decisions, we can choose to think how our actions can affect those around us. We can choose to be present in the little moments. We can choose to stay connected. We can choose to express gratitude. Most of all, we can choose to love ourselves, love others, and love big. Texas FFA, I encourage each of you to find something you're passionate about and do it wholeheartedly. Use your daily 35000 decisions to make a lasting positive impact on those around you. Over the course of this next year, I will continuously STRIVE to remind YOU that that YOU are VALUED, YOU are HEARD, YOU are CARED for, and YOU are LOVED so deeply!

Your friend,

Alexandra Salinas
 Texas FFA State President Candidate
